

### **Executive Committee, John Scarbrough**

Thanks go out to our nominating committee, Laura Johnson and Dean Francis, for selecting Nikki Sobkowski to be nominated for president. Nikki is president of the Library Board and brings a strong background of innovation and leadership.

The committee also has selected Karen and Chris Rieser to be nominated to continue as co-secretaries. Karen and Chris bring years of experience helping OMPHS in a variety of roles, including keeping track of discussions of the Board. Chris is president of the Dougherty Society. Karen researches and writes about our local people and history.

Thank you, Nikki, Karen and Chris, for ensuring OMPHS will continue the long list of accomplishments since 1992 when Walter Johnson, family and friends saved the Hessler cabin and moved it from the base of the peninsula to its home by the lighthouse.

### **Tree Committee, Jim Hall**

- Boy Scouts from Troop 34 participated in replacing 8 dead Memorial Trees during the month - 4 on Center Road and 4 on Smokey Hollow Road.
- Plans are underway to plant 44 new trees at 5 locations along Center Road next month.
- Planting a Memorial Tree on the Community Library grounds to commemorate lives lost to COVID will occur later this summer.

### **Log Cabin Day, Laura Johnson**

Our annual celebration of Log Cabin Day has been postponed to Sunday, August 29, 2021 and entitled Harvest our History with an emphasis on the fall harvest. We are on track and have received some confirmations from our demonstrators. We will be meeting, zooming for now, to plan and organize. If interested, contact Judy Weaver or Laura Johnson.

A Log Cabin work bee was held 10:00 AM, Friday, April 23. Ten people attended and cleaned and put the cabin in order, ready for viewing for the season. It was good to see each other again. Lighthouse keepers Jim and Michelle J. were among the volunteers, and we enjoyed conversing with them as well.

### **Log Cabin, Laura Johnaon**

A Log Cabin work bee was held 10:00 AM, Friday, April 23. Ten people attended and cleaned and put the cabin in order, ready for viewing for the season. It was good to see each other again.
